INSIDER TIP

"Not only in Chicago but for projects across the country, some of my favorite sources are Pagoda Red (pagodared.com) and The Golden Triangle (goldentriangle.biz), they carry one-of-a-kind furniture and accessories with style and a back story. The Fine Line (finelinetile.com) is our go-to resource for great tile coupled with amazing customer service. And we trust Daniel Kinkade Fine Art (@danielkinkadefineart) and Laura at Lester Fine Art (lesterfineart.com) to help our clients develop the art collections that beautify our spaces." —Tom Stringer, Tom Stringer Design Partners, tomstringer.com
